ESTIVALE

Estivale kitchen is contemporaneity designed around a large island. The Black Picasso marble – or the lava stone/oak variant – imparts aesthetics and functionality to the enormous central worktop, and therefore to the entire design. The new Glix shelving completes this brass and marble kitchen. There you can house all the necessities of the cooking area: pantry, display cabinet and a boiserie wall so that everything you need is in sight.

ESTIVALE

Elegant, functional and imposing. This kitchen features full-height columns housing aluminium shelves, fitted with doors made from Antique Satin Brass/Liquid Metal and equipped with LED lighting. Next to the pantry you'll find a large display unit with a painted aluminium frame and Stopsol glass doors, along with wood panelled full-height shelves made from Rustic Raw Oak.

ESTIVALE

This particular design comes with a shelving system with brass-finish aluminium bars, shelves and storage elements made from Rustic Raw Oak. The system can be installed in two styles, as a floor-to-ceiling or floor-to-wall unit. The floor-to-ceiling solution can also be set against a wall or used as a double-sided freestanding unit.
